

LIQUID LAUNCHES SUSHI!!!

LIQUID Restaurant and Martini Bar is answering their customer's requests and introducing the addition of JAPANESE SUSHI CUISINE AND RAW BAR!

On May 17th, 2011 LIQUID introduces the addition of SUSHI! With its stunning new 17 ft. SUSHI Bar built in the LIQUID signature trendy style with hanging water blue lamps, it is both an experience aesthetically to sit at the new sushi bar as it is to indulge your tastebuds in that which is true SUSHI at LIQUID. You may also enjoy sushi in the Restaurant, Bar, Lounge and Outdoor Patio areas of LIQUID as well.

Since its inception LIQUID has been setting very high standards in the Poconos Restaurant community. With that said each and every staff member at LIQUID works extra hard to ensure the best service and quality in everything they serve. And this addition is no exception!

"It is just a perfect marriage for our menu" says Greg Fiore, General Manager of LIQUID "and something our customers have continuously asked for". Some of LIQUID's best-selling TAPAS are, and have been since Liquid's fruition in October 2010, their Sashimi Tuna and LIQUID's Seafood Platter along with the amazing Crab Avocado Martini. "We are giving our customers more of what they love as well as bringing the quality and assortment our customers have come to expect and trust in us".

LIQUID's Executive Chef Linda Boesz explains how with the SUSHI "the focus is on the artistry crossing both the plate and the palate, equally as our TAPAS do. In continued LIQUID form our menu will elegantly present a stunning array of SUSHI for moderate prices."

The Sushi is prepared by experts adept at making sushi for more than 20 years. The sushi is painstakingly prepared the way masters have done it for centuries. Utterly fresh and authentic each piece is first rate in temperature and texture. LIQUID's SUSHI menu is both exciting and alluring with its diversity and yet its simplicity.

The menu will include Appetizers such as Tuna Ceviche, Scallop Sashimi, and Sunomono; Traditional Rolls with favorites such as Spicy Tuna, Futo Make and Eel Avocado; Specialty Rolls including Mexican Tempura and Black Dragon, and a selection of Dinner Platters served with Miso Soup.

Also, LIQUID has added a variety of Japanese Beers and Sake to partner with your meal.
